## **GENERAL CONDITIONS OF DELIVERY**

For every order that we shall accept, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions. Should the outcome of the crop be lower than our estimation, orders will be filled pro rata only. Crop failure or any other cause beyond our control releases us entirely from delivery.

We urge our customers to use AIR MAIL when sending rush orders, and if so desired the seeds can be sent to you by AIR PARCEL POST which rate is very reasonable, varying from 55c to 80c per pound, depending upon the zone.

"The DENHOLM SEED COMPANY warrants to the extent of the purchase price that seeds or bulbs sold are as described on the container within recognized tolerances. Seller gives no other or further Warranty, expressed or implied."

All seeds are quoted F. O. B. Los Angeles, California, for delivery as soon as possible after harvest of crop 1950, 60 days acceptance net, less 2% cash thirty days to firms of established credit. New customers must furnish satisfactory credit references if shipment is desired on an open account basis.

All invoices payable in U. S. Dollars, in or by New York or Los Angeles Exchange. All overdue accounts subject to sight draft without further notice. Bags and containers will be charged at cost and are not returnable.

All orders of 4 ounces or over will be charged at the pound rate, all orders under 4 ounces will be charged at the ounce rate.

Shipping instructions should accompany each order, stating clearly whether seeds are to be sent Rail Freight, Truck Freight, Express or Mail, giving preferred routes. In all cases where the route is left to our judgment, we will select the best we know, but entirely at the risk of the buyer. Should fulfillment of any order or contract be prevented or delayed by the act of God, war, blockade, revolution, prohibition of exports or imports, riots, strikes, lockouts, fire loss and/or detention at sea or any other contingency beyond our control, we shall not be responsible for any loss and/or damage thereby.

We reserve the right to change prices in this list at any time.

DENHOLM SEED CO.

# 3 WHITE COLUMN STOCKS

## *Tailored to the Cut Flower Growers' Specifications*

### **STOCK COLUMN NON-BRANCHING WHITE GIANT (Denholm)**

**WHITE GIANT** seems to completely fill the cut flower growers' request for a new and outstanding white non-branching stock. When planted outside in California, it comes into bloom about a week to ten days earlier than any of the existing standard varieties, being only a few days behind our second new variety, *Avalanche*.

**WHITE GIANT** has lots of vigor and a strong non-branching wiry stem growing about six inches taller than the regular strains of White Column Stock. The extremely large, extra double individual florets are of the purest glistening white, being beautifully spaced on a tremendous flower spike.

**WHITE GIANT** is the most outstanding improvement made in White Column Stocks during the last ten years, and we predict a great future for this variety, both for outside planting and sowing under glass.

Price per oz. \$5.00

Per lb. \$60.00

### **STOCK COLUMN NON-BRANCHING AVALANCHE (Denholm)**

**AVALANCHE** is definitely the earliest of all White Column Stocks under our growing conditions, and we are sure that this would hold true under most outside growing conditions. It is fully ten days to two weeks earlier than the regular strain of *Gardenia*, White No. 16 and White Pillar. It is also a few days earlier than our new White Giant.

**AVALANCHE** has plenty of height, being at least six inches taller than standard varieties. It is about the same height as White Giant and *Gardenia Improved*. The flower spike is particularly long and massive with the very double individual florets being close together to form the perfect spike. Flowers are paper white of great substance. This stock is different and in many instances may be the best of the three.

Price per oz. \$5.00

Per lb. \$60.00

### **STOCK COLUMN NON-BRANCHING GARDENIA IMPROVED (Denholm)**

**GARDENIA IMPROVED** is 10 days earlier than the regular well-known strain of *Gardenia* and grows at least 6 inches taller. It has a much larger individual floret and the florets themselves are much better spaced on the stem.

**GARDENIA IMPROVED** will please all who grow it, but it is especially recommended for those who have been using the regular strain of *Gardenia*. It is particularly suited as an outside Winter variety as the flower spike is fairly loose, thereby allowing the individual florets to dry out faster under wet conditions.

Price per oz. \$5.00

Per lb. \$60.00

GARDENIA IMPROVED

**BE SURE! TRY ALL THREE!**

VERBENA HYBRIDA GRANDIFLORA, VIVID

# INTRO

## Two New

# VERBENAS

## Giant Flowered

This year we are introducing two new Verbenas in the Gigantea class. In SALMON KING, we offer the finest Salmon Verbena yet to be introduced. In VIVID, we have the most intense Scarlet to be found in Verbena.

In the improvement of existing varieties and the development of new colors, we have selected for larger and more uniform trusses and larger florets. We have also selected for more compactness, getting away from the open centers and straggly growth found in the regular strains.

### **VERBENA HYBRIDA GRANDIFLORA, VIVID (Denholm)**

**VIVID** is being introduced as the most brilliant sunproof scarlet that we have ever seen in Verbenas. It is much brighter and more intense in color than the well-known Spectrum Red; even under the strongest sunshine both in the East and in California we have seen no evidence whatever of burning.

**VIVID** has extremely large uniform trusses, and florets are proportionately large. The numerous trusses growing close together form a solid carpet about eight inches tall. The whole plant is fairly compact and is not open or straggly like the older varieties.

Per oz. \$2.10

Per lb. \$25.00

### **VERBENA HYBRIDA GRANDIFLORA, SALMON KING (Denholm)**

**SALMON KING** is the largest flowered Salmon Verbena yet to be offered. The individual trusses are enormous and uniform. The florets are larger by comparison with any other variety of Verbena that we have seen.

The color is a most pleasing and outstanding shade of clear, deep Salmon. The plant habit of **Salmon King** is a tight, compact growth, eliminating the open centers.

Per oz. \$2.10

Per lb. \$25.00

# ASTERS

Wonderful  
Colors

ASTER KING BRANCHING

## **ASTER KING BRANCHING PEACH BLOSSOM (Denholm)**

**PEACH BLOSSOM** is a charming color, being deeper and somewhat stronger than the flesh Pink, the peach coloring becoming more pronounced toward the edge of the petals, giving the whole flower a most unusual and attractive appearance. The bloom is so completely double that it is filled with beautifully arranged long needle-like petals twisting toward the center, giving the flower the appearance of being ready to burst. If cut at the proper age, the centers will never show.

One of the prerequisites of a cut flower variety is that the color be attractive under both day and artificial light. **PEACH BLOSSOM** is a delightful color in daylight and artificial light enhances manifold its striking beauty.

Per oz. \$1.25

Per lb. \$15.00

ASTER KING BRANCHING

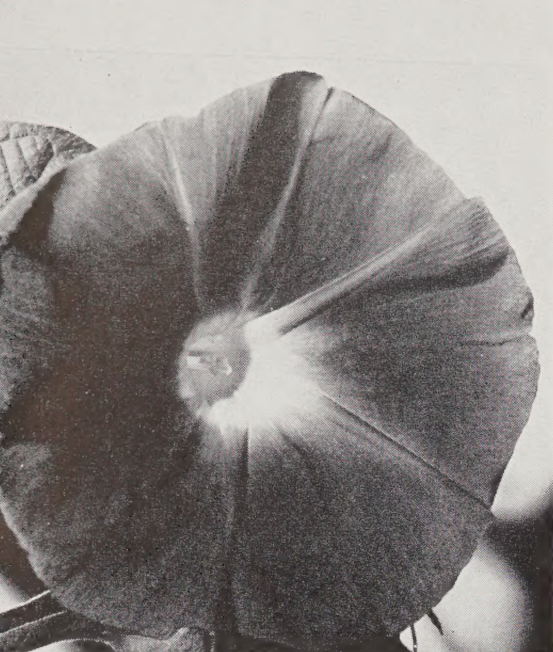

## **ASTER KING BRANCHING SALMON (Denholm)**

**SALMON**, unlike Peach Blossom, is an entirely new color for Asters, this particular shade of Salmon being distinctly attractive, clear, strong and solid, and holding its color even under the strongest sun. As a night-time table decoration, this color is simply enchanting, and blends in well with other colors for any occasion.

This outstanding Aster has fully double flowers with the characteristic twisted petals and long strong clean stems—just right for cutting—a must for all seedsmen, particularly those selling to the cut flower growers.

Per oz. \$1.30

Per lb. \$15.00

# Six Highly

## IPOMEA DARLING

This new giant flowered Ipomea will be of great interest to all your customers. It is the most colorful of all Morning Glories. The flowers are large, up to four inches in diameter, of a brilliant rose-cerise in startling bicolor contrast to a throat that is just as white as snow. The entire flower is lit up, aglow. A color set-up that is effective in a most pleasing way.

Darling has proven to be a good climber. In this regard it is in a class with Heavenly Blue.

Per oz. \$.85

Per lb. \$10.00

## PHLOX

### Drummondii Nana Compacta Beauty

The plant habit is so neat, compact and has such a large number of extra big blooms per plant that your first impression is that of magic multi-colored carpet.

This strain, which originated in England, has, of course, the usual Phlox foliage and the color range includes many colors not previously found in Phlox, the shades being so clear and soft, many being pure self colors. The blooms are almost twice the size of the regular strains.

We offer eight separate colors and mixed. The latter includes the seven separate colors in the correct proportions.

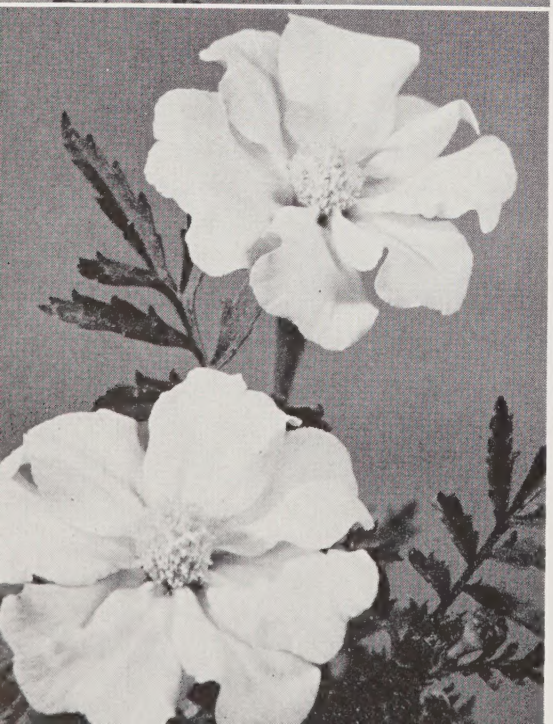

Blue Beauty  
Crimson Beauty  
Pink Beauty  
Mauve Beauty

Salmon Beauty  
Scarlet Beauty  
Violet Beauty  
White Beauty

Beauty Mixed

Per oz. \$2.10

Per lb. \$25.00

## MARIGOLD

### Dwarf Single French Sunny

This is a fine companion for Flash, a cheerful, single bright yellow flower about two inches across with attractive wavy edges. Plants are uniform, compact and well-rounded, 15 inches tall and 16 inches across.

For this small type of Marigold each plant will have a bountiful supply of large single blooms.

This new Marigold is sure to win admiration from all who grow it. Award of Merit Winner, Royal Horticultural Society.

Per oz. \$.45

Per lb. \$5.00

# Recommended Items

## PETUNIA

### Nana Compacta Fire Chief

The best Scarlet Petunia yet to be offered in the Nana Compacta class. The color is a bright Scarlet Red. The bloom's size is extra good for this type of Petunia. The plant habit is even and the height is 12 to 15 inches. This Petunia was given a Gold Medal in the 1950 All America Trials.

Per oz. \$10.00

Per lb. \$100.00

## MARIGOLD

### Chrysanthemum Flowered Happiness

We think that Happiness is one of the finest Chrysanthemum Marigolds yet to be introduced and an excellent companion to Golden Bedder. It is early and a profuse bloomer. The Chrysanthemum-like blooms will be about 3¼ inches across. The habit is extra uniform and it will grow about 16 inches tall. The color is a showy Golden Yellow. There are lots of varieties of Marigold, but certainly there is a real place for Happiness.

Per oz. \$1.25

Per lb. \$15.00

## DIANTHUS HEDDEWIGII LACINIATUS

### Double Ruffed Beauty Mixed

This blend of Dianthus seems to encompass every desirable quality needed to satisfy the most critical gardener. It has been selected for bloom size, doubleness and color range.

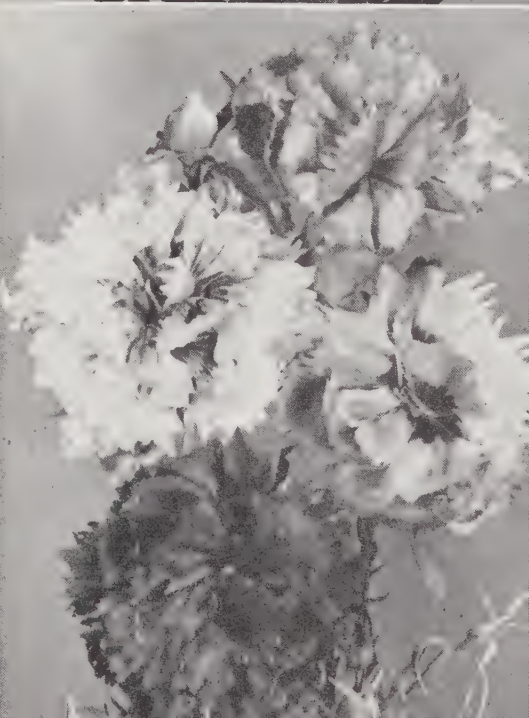

Without disbudding, the blooms are 2 to 2¼ inches across. Not quite as double as carnations but by far the best you will find in Dianthus. By disbudding you will increase the bloom size by one-third.

The color range includes deep Maroon through Crimson, Scarlet, Rose, Pink, Flesh to White. Most blooms are beautifully zoned, providing many enchanting color combinations.

The plant habit is compact and uniform. Very colorful in rows and beds and a fine cut flower for home use. AN OLD GARDEN FAVORITE IN A NEW STYLING.

Per oz. \$.85

Per lb. \$10.00

# Six Highly

## **IPOMEA BLUE STAR**

(Denholm)

The color is a distinct shade of clear sky blue accentuated by the five deeper blue midribs to form an attractive star, a truly outstanding and most attractive shade.

The flowers are of great size, being larger and earlier than the ever popular Clarke's strain of Heavenly Blue, they average from 4 to 4¼ inches in diameter and are borne in great profusion. One of the most notable characteristics of this Morning Glory is the fact that the flowers remain open well into the afternoon on cloudy days.

An All-American winner in the 1948 Trials.

Per oz. \$.50

Per lb. \$6.00

## **DIANTHUS HEDDEWIGII LACINIATUS**

Gaiety

In recent years much effort has been put forth to develop a blend of annual Dianthus that contains a good percentage of Salmon, Pink, and Rose colors and retain the large size of blooms and deep Laciniation.

Gaiety makes available a uniformly giant flowered annual deeply lacinated Dianthus that has, in addition to the usual colors, the much desired new shades for Dianthus of Salmon, Pink, and Rose. This is the liveliest color blend found in Dianthus.

Per oz. \$.35

Per lb. \$4.00

## **PETUNIA GRANDIFLORA**

White Queen

A much improved strain of the popular large flowered single white type. It has the pure white of falling snow without a sign of blue cast. The throat has the same pure white as the rest of the bloom.

The strain is larger flowered and more uniformly dwarf and compact than any strain we have seen of this type of Petunia. Blooms 4 to 4½ inches across. We highly recommend this item.

1/16 oz. \$2.00

¼ oz. \$6.00

1 oz. \$20.00

# Recommended Items

## **PETUNIA DWARF GIANTS OF CALIFORNIA**

### **Master Blend (Denholm)**

Something entirely new in a blend of Dwarf Giants. Master Blend is not grown as a mixture but made from the finest of separate plant selections from our large Petunia Trial Grounds.

Blending from separate plant selections makes it possible for us to put into the blend just the right amount of each color to formulate a blend that has life and brilliance without being harsh. The color range includes new shades of Pink, Salmon, Rose and Copper with the best of the usual colors.

Master Blend will give the critical trade a uniformly dwarf strain with many new colors not obtainable from any other source.

1/16 oz. \$4.00      1/4 oz. \$12.00      1 oz. \$40.00

## **VERBENA HYBRIDA GRANDIFLORA**

### **Sutton's Blue**

In Verbena there are many hues of purple and blue, but Sutton's Blue is the first real pure mid-blue. The Royal Horticultural color chart classifies this variety as Gentian Blue. It has no eye, making a lovely solid mid-blue flower.

The large florets are produced on attractively formed trusses that are large and semi-globular. This item is uniform in both color and habit. This is the variety that you should offer for your blue Verbena.

Per oz. \$1.25      Per lb. \$15.00

## **MARIGOLD**

### **Naughty Marietta**

Certain types of single blooms add spice to any garden. Marigold is a subject that will make a creditable showing with a minimum amount of care in all sections of the country.

Striking color combinations of Golden Yellow with rich Mahogany at the base of each petal makes Naughty Marietta a bright and gay item that will be attractive in any formal or informal garden. Also fine for cutting. Height 18 inches. Blooms 2 1/2 inches in diameter.

Per oz. \$.45      Per lb. \$5.00

### **ASTER KING BRANCHING**

Shell Pink (Denholm)

This new soft warm shell pink is beautiful in daylight but most outstanding under artificial light. Because of its tight double flower formation the King type of Aster is ideally suited for cut flower marketing and shipping long distances.

However, many home gardeners who have grown the King type of Aster give it high praise because home gardeners also appreciate items that are especially good for cut flowers.

Per oz. \$.85

Per lb. \$10.00

# Selected Strains of

### **DAHLIA UNWIN'S**

Ideal Bedding Mixed

In recent years the popularity of this item has greatly increased. Also more and more gardeners are learning of the versatility of Unwin's Dahlia. The large color range provides almost any desired color for home cut flowers or garden planning.

Our strain has had a number of years of intense selecting for doubleness and choice colors and we can recommend our strain as the very finest on the market.

Per oz. \$.85

Per lb. \$10.00

### **MARIGOLD DWARF FRENCH DOUBLE EXTRA DWARF MIXED**

We want you to feature this blend of Extra Dwarf Double Mixed because it is downright good. It is a combination of existing extra dwarf colors plus some trial ground stock making a blend that we have gotten near perfection after several years of experimental trials.

The plant habit is real Dwarf similar in height to Spry, and each plant is covered with medium-sized blooms of Maroon, Orange, Gold, Yellow, and Lemon. So bright and gay that no one will pass a planting without stopping.

Per oz. \$.45

Per lb. \$5.00

### **SCABIOSA DOUBLE ANNUAL**

Oxford Blue

Offered for the first time last year, this new variety made available a giant flowered Scabiosa in a shade of blue much deeper than Ageratum Blue or Blue Moon.

In addition to the new color of blue, Oxford Blue is well liked because of its fine long stems and the giant blooms which are decidedly plump of a conical shape.

Per oz. \$.30

Per lb. \$3.50

### **MARIGOLD**

Large Flowered Odorless Mixed

There has been so much interest in the separate colors of odorless Marigold that we decided to perfect a blend of the best separate colors.

This is a pleasing blend of Autumn colors made from Carnation and Chrysanthemum flowered varieties. This is an ideal blend for the gardener or housewife who objects to the odor of the regular strains.

Per oz. \$.45

Per lb. \$5.00

# Important Items - -

## **MARIGOLD DWARF SINGLE**

### **Red Head**

A 1948 crop introduction that has proven its right to a position as one of the most important new garden flowers of recent introduction.

The color is a rich mahogany red changing to shades of gold, bronze, and auburn as the blooms mature. The flower is a wide open, single, from 2 to 2½ inches across with a small crest in the center that is slightly lighter than the petals. Height 12 inches.

Per oz. \$.45

Per lb. \$5.00

## **ANTIRRHINUM**

### **GIANT RUFFLED TETRAPLOID**

#### **EXTRA CHOICE MIXED**

Florets are 2 to 2½ inches long and 1¾ inches to 2 inches wide, closely set on husky stems. The flower spikes are about 9 inches long and full length of the stem is 24 to 30 inches. Base Branching.

This is the largest flowered type of Antirrhinum on the market.

We believe Tetra is the most satisfactory blend of Antirrhinum for garden use that is available.

Per oz. \$1.65

Per lb. \$20.00

## **ASTER PRINCESS**

### **Finest Mixed**

This new type of Aster has gained tremendous popularity and rightly so. The large flowers have quilled petals and cushion centers being carried on long stems making it ideally suited for both the home gardener and market grower. It is available in a full range of bright clear colors and a well balanced mixture.

*See page 16 for complete color listing*

Per oz. \$1.25

Per lb. \$15.00

## **GERBERA**

### **Westwood Giant Hybrids**

A special strain of Gerbera seed saved from plants bred and selected to produce blooms for the critical Los Angeles cut flower trade.

A full range of colors with new shades of Coral, Salmon, Pink, and Rose. Beautifully rayed on strong wirey stems. Many of the blooms have two rows of petals making a sort of duplex bloom.

Per 1000 seeds \$2.50

Per oz. \$15.00

## **PETUNIA**

### **Grandiflora Single Fringed**

#### **White Mound**

As the name would indicate, the habit and the prolificness of bloom of this new Petunia gives the observer the impression of viewing a small snow white mound.

This Petunia is bound to become a heavy favorite with gardeners because of its neat compact uniform habit plus a goodly supply of large flowered fringed blooms.

Per 1/16 oz. \$2.50   Per 1/4 oz. \$7.50   Per 1 oz. \$25.00

**DELPHINIUM**  
*Pacific Giants*

# Delphinium Pacific Giants

## *Grown from Originator's Stock*

The Pacific Giant Strain offers the ultimate in fine Delphiniums. It has huge semi-double florets, well arranged on long flower spikes. The thin whippy stems grow from four to six feet tall. This strain is comparatively mildew resistant. It is by far the best strain of Delphinium available.

	per oz.	per lb.
<b>BLUE BIRD SERIES</b> .....	\$ 6.25	\$75.00
Clear medium blue with white bee, an enchanting color combination. Florets are fully round and 2½ in. in diameter.		
<b>BLUE JAY SERIES</b> .....	6.25	75.00
Medium blue with black bee, a striking color. Florets 2½ in.		
<b>CAMELAIRD SERIES</b> .....	6.25	75.00
Clear lavender with cream bee, a color combination that is rich and delicate. Extra large blooms.		
<b>GALAHAD SERIES</b> .....	6.25	75.00
Every one of the several separate series of the Pacific Giant Strain are truly outstanding, but Galahad is in every detail superior to any of the other series yet introduced. It has greater floret size, longer flower spike. The color is a clear soft white with white bee. Lots of substance. The average bloom size is over 3 in.		
<b>KING ARTHUR SERIES</b> .....	6.25	75.00
Velvety, royal purple with a glistening cream bee, 3 in. florets.		
<b>ROUND TABLE SERIES</b> .....	6.25	75.00
This is really a blend in the proper proportions of all of the name series plus seed from hundreds of individual crosses made by the originator. In the Round Table Series you will enjoy many wonderful colors not obtainable from any other source.		
<b>SUMMER SKIES SERIES</b> .....	6.25	75.00
Light heavenly blue with a dainty white bee combine to make the most striking and pleasing color of the entire series.

PRODUCTION FIELD OF STOCKS

*Denholm Seed Company*

**Larkspur Supreme**

(DENHOLM)

*The Ideal Cut Flower Strain*

## *"Flower Seeds of Proven Quality"*

### **DARK BLUE SUPREME:**

Here is a truly fine rich violet purple, a clearer and brighter purple than we have had before. The most outstanding improvement is in the length of the flower spike, which heretofore has always been on the short side. Dark Blue Supreme is a most vigorous grower, with fully double flowers closely set on stems which grow 5 feet or more.

### **LILAC SUPREME:**

At last we are able to offer you a most pleasing shade of clear lilac, one which we are sure you have been looking for, a beautiful new color of outstanding merit. Lilac Supreme will be a florists' favorite because of its especially clear color, uniform height, and long well filled flowering spikes closely covered with fully double flowers and large individual florets. This is by far the most desirable and outstanding Lilac Larkspur ever offered.

### **PINK SUPREME:**

This outstanding Larkspur is one of the most desirable florist colors. It is a clear rose pink, deeper in color than the well known varieties Pink King and Los Angeles Improved. The plants grow very tall, with a particularly long and heavy main spike closely packed with fully double flowers, with very wide petals. Not only is it a new and distinct color, but the extremely tall robust center spikes have depth and body, which is characteristic of these new Supreme Larkspurs. Under artificial light this color really comes to life.

### **ROSE SUPREME:**

For the first time we have a clear, pure deep rose in the base branching classification, even clearer and deeper in color than the ever popular Stock Flowered Rosamond. The plants possess good vigor, but are not quite as tall growing as the other colors in this Supreme class. The flower spike is very heavy and will stand any amount of forcing. While the color is most outstanding, the free flowering qualities are very desirable features of this excellent Larkspur.

### **SALMON SUPREME:**

The most desirable and most striking Larkspur we have ever offered, the largest flowering of all Larkspurs, and what a color—a true shade of real salmon, much stronger in color than the salmon pinks now being offered. This Larkspur will certainly be a delight to both the florist and home gardener, where real cut-flower value is appreciated. Flowers are truly gigantic, being fully double and closely packed to form the most magnificent main spike you have ever seen. Certain to cause excitement and create the highest praise.

### **WHITE SUPREME:**

Now here is a real white Larkspur, not the slightest trace of pink can be found in the gigantic broad-petalled flowers, truly as pure as the driven snow. It has lots of height and the magnificent main stem is literally covered with closely placed double flowers for half its height, grows five feet or more in height. This is what you have been looking for in White Larkspurs—easily the best white available in any class today.

### **SUPREME MIXTURE:**

Using the above in the right proportion plus additional colors from our workshop. We believe there is no other Larkspur mixture that will come even close. Try it this year where your customer want something new and better.

**Price per oz. \$.60**

**Price per lb. \$6.50**

*Denholm Seed Company*

**Stock Non-Branching Column**

**White Giant**

*A Florist's Dream*

**If You  
Want  
Something  
NEW**

**STOCK**  
**Non-Branching Column**  
**White Giant**  
**Avalanche**  
**Gardenia Improved**

These are fully described on page 3

## **HERE ARE TWO MORE TOP-NOTCH FLORIST VARIETIES**

### ***CRIMSON GIANT (Denholm)***

This is a distinct and new color, being a real bright crimson red, midway in shade between the American Beauty color and the Ruby, Illusion Group. The color is so alive and attractive that those who have seen it say it is a long wanted variety. It should become quite popular with the cut flower growers. The individual flowers are very large, being nicely spaced on a good strong wiry stem. Give this variety a try. We know you will not be disappointed.

**Per oz. \$5.00**

**Per lb. \$60.00**

### ***MALMAISON PINK IMPROVED (Denholm)***

This is our own improved selection of this very popular color. This improved strain is several shades deeper in color than the original Malmaison Pink. It also has a much larger and better spaced individual floret, while the spike itself is actually as near perfect in shape and form as it is possible to get. In height it is several inches taller than the old strain and comes into bloom quite a little earlier. This variety is a must and we predict it will become one of the most popular varieties.

**Per oz. \$5.00**

**Per lb. \$60.00**

# SPRING FLOWERING SPENCERS

*New Cuthbertson Strain*

THIS NEW DEVELOPMENT IN SWEET PEAS HAS EXTREMELY VIGOROUS GROWTH, LARGE WELL WAVED FLOWERS WHICH ARE CARRIED ON VERY LONG STIFF STEMS. THIS TYPE FLOWERS ABOUT TEN DAYS LATER THAN THE REGULAR EARLY SPENCERS AND TEN DAYS BEFORE THE LATE OR SUMMER SPENCERS. FOR GREENHOUSE SOWING FROM OCTOBER TO FEBRUARY THIS STRAIN IS SUPERIOR TO THE EARLY SPENCERS IN THAT THEY ARE USUALLY LONGER STEMMED AND CONTINUE TO FLOWER FARTHER INTO THE SPRING. THEY ARE ALSO IDEALLY SUITED FOR OUTSIDE PLANTING IN ANY PART OF THE COUNTRY, AND IN VIEW OF THE FACT THAT THEY WILL FLOWER BEFORE THE LATE SPENCERS, THEY ARE PARTICULARLY ADAPTED TO SECTIONS WHERE EARLY HOT WEATHER IS A LIMITING FACTOR TO GROWING GOOD LONG STEMMED SWEET PEAS.
